

A schematic diagram of a mechanical assembly. It features a central shaft (4) passing through a cylindrical component (3). A curved line (9) is connected to the top of component 3. To the right, a horizontal line (5) is shown. Below the shaft, a curved arrow labeled P1 indicates rotation. To the right of P1, a vertical double-headed arrow labeled P2 indicates a vertical movement or force. A label W is positioned below the central shaft. A label 8 is located near the bottom of the cylindrical component 3.
